

>> City Golf - A Unique Entertainment Experience

10 MINUTES AFTER BIRDDYING THE 18TH AT ST ANDREWS IN SCOTLAND, EXECUTIVES CAN BE BACK SITTING AT THEIR DESK IN DOWNTOWN KL. WELCOME TO THE WORLD OF INDOOR GOLF...

By Gigi Ivanna

City Golf, a 5,000 square foot venue on the top floor of Bangsar Shopping Centre, has opened its doors and introduced the world of indoor golf to Kuala Lumpur. With four state-of-the-art Full Swing Golf simulators and all the trimmings of the most stylish bar in town, City Golf has established itself as one of the top destinations for KL's socialites and business executives alike. With the help of some state-of-the-art infra-red technology and some real-to-life graphics, the simulators fully replicate the game of golf and allow you to fine tune your skills indoors. Golfers select their weapon of choice from the latest Cobra clubs and take aim at any of the 53 world championship courses on offer.

With real-time ball flight data, an interactive practice facility and novelty competitions such as "Nearest the Pin" or "Longest Drive", this is the closest you can get to the real thing. In fact, so close that insurance company will cover hole-in-one competitions on the simulator in the same fashion as they would in the outdoor game.

Whether you're a single figure handicapper or a complete beginner looking for some tips and advice, City Golf's PGA professional, equipped with professional swing video technology, is available for individual or group lessons. With the Explainer Training System, a 200 square foot putting green and other high-end training aids at your disposal, City Golf is certain to improve your game before your next outing to the actual course.

In addition to the golf simulators and the teaching academy, there are superb entertainment and relaxation facilities. With seating for up to 80 people, it's a great place to relax and unwind with some food and a glass of your favourite tittle. There are multiple LCD screens, in addition to the big screen projection TV – making City Golf the premier venue to watch sport; and with superb waitress service, playing golf or not, you are always near the 19th hole.

“Having witnessed the boom of indoor golf globally, we decided that golf-crazy Malaysia was the perfect place for this unique concept. Many people use golf to catch up with friends, entertain clients and to de-stress. However, many of us cannot afford the full day required to play the game. At City Golf 9 holes for four people can be completed in your lunch break and there’s no need to worry about inclement weather,” said Steve Ebsworth, Co-Director of City Golf.

“There is no dress code, no need to own golf clubs and you can play throughout the day or evening whilst sipping your favourite drink and watching the latest sporting action – this is as convenient as golf can ever be,” he added. Besides the obvious social aspect, City Golf provides a novel way to entertain clients, with packages tailored to cater from small gatherings up to private corporate functions for up to 120 guests. So, if you’re looking to generate new businesses or keep your existing clients happy, tee off and host your next event at City Golf. Corporate membership is available in two tiers, with both options providing fantastic exposure year round in addition to a flexible platform to entertain your staff and clients.

Be it a fourball at St Andrews or a nearest the pin contest at Pebble Beach, golfers can tee it up at City Golf from 12pm – midnight every day, with the simulators available for hire at RM100 per hour before 6pm and

RM150 until closing. Weekends are off-peak in all hours and ideal for family entertainment.

The recently launched Loyalty Cards offer great value golf helping you make the most out of your time at City Golf. The Gold Card drops the peak hour rate from RM150 to RM57 per hour for up to 8 guests per simulator.
